President Announces That United States Has Severed Diplomatic Relations With Germany

Count Bernstorff Handed Passport This Afternoon

DETERMINED TO PROTECT LIVES

President in Address to Congress Explains His Acts and Cites Reasons.

DOES NOT FAVOR FIGHTING

Declares if Germany Wants Peace With This Country it is Up to Her.

By ROBERT J. BENDER.
(U. P. Staff Correspondent.)
Washington, Feb. 3.—Diplomatic relations between the United States and Germany are severed.

German Ambassador Von Bernstorff was handed his passport at 5:57 o'clock this afternoon.

A few minutes later President Wilson appeared before a joint session and informed congress of the action that had been taken and of what this government was looking forward to in the way of relations. He spoke in part as follows:

"If American ships and American lives should in fact be sacrificed in needless controversy of the just and reasonable understanding of international law and the obvious dictates of humanity I shall take the liberty of coming again before Congress that the authority be given me to use any means that may be necessary for the protection of our seamen and our people in the prosecution of our rights on the sea. I can say nothing less. I take it for granted that all neutral governments will follow the same course.

We do not desire any hostile connection with the Imperial German government. We are the sincere friends of the German people and earnestly desire to remain at peace with them. I cannot believe they are hostile unless we are obliged to believe so.

We wish to serve no selfish ends. We merely wish to stand alike in action to the interest of the people, as I expressed to you a few weeks ago in my 'peace' message which is merely to vindicate the right to liberty and justice and to life. These are basis of our not war. God grant we may be challenged to defend them against the willful injustice on the part of the government of Germany."

BULLETIN.

(By United Press.)
Philadelphia, Pa., Feb. 3.—An attempt was made to sink the United States torpedo destroyer Jacob C. Lee of the League Island navy yard here this afternoon when a fire broke out on the ship.

A fire of water poured into the hold. When the attempt to sink the ship was discovered by an officer, it was noticed that the ship was on fire. The ship was immediately towed into dock. At the time the officers refused to discuss the matter, but it is known that the ship is under arrest.

Side Lights on German Situation

PRIZE SHIP TAKEN.

(By United Press.)
Norfolk, Va., Feb. 3.—United States officials consisting of a dozen representatives of the custom bureau and the navy department today boarded the interned ship Appam, which was brought into port by a German prize crew, and formally took possession.

During the process the United States revenue cutter Yamacraw pulled up into position alongside the Appam and trained her guns on the boat.

GERMANS LOSE ON MARKET

(By United Press.)
New York, N. Y., Feb. 3.—In a wonderful demonstration of patriotism by big interests the stock market was turned upward and became a booming war market today. It was reported on the best authority in the street that the big German houses which have been selling short in anticipation of a break in view of the submarine crisis were caught by the up-turn.

FOR PREPAREDNESS.

(By United Press.)
Washington, Feb. 3.—Senator Thomas of Colorado today introduced a resolution authorizing the issue of \$500,000,000 in bonds to enable the government to put the country in a state of military and naval preparedness. While senate leaders denied they were ready to authorize huge expenditures at this time, the action of Senator Thomas points clearly to the fact that there is a general sentiment in favor of getting the nation ready for war if conditions continue to get worse.

HEAVY GUARD MAINTAINED.

(By United Press.)
Washington, Feb. 3.—The navy department today issued orders to admit no one into any naval station of the United States but employees. This is taken as a pre-cautionary measure. Guards have been trebled at all stations.

PUT ON WAR BASIS.

(By United Press.)
Philadelphia, Pa., Feb. 3.—The League Island navy yards here was put on a war basis today. After a day of feverish activity aboard the ships yesterday, the gates of the yards were closed to all visitors. Shore leaves were also countermanded and triple guards placed at every entrance while extra patrols were thrown about shops, warships and streets.

U-BOAT CARGO BURNED

(By United Press.)
New London, Conn., Feb. 3.—The cargo intended for the German merchant submarine Deutschland expected at this port momentarily was in flames at 11 o'clock today. Fire broke out soon after word was received that diplomatic relations with Germany were to be severed.

Mahoning Council, No. 36 will have a meeting tonight at the Red Men hall at seven-thirty o'clock.

DETAILS WERE ALL ARRANGED

Decision to Break With Germany Came After Every Possible Angle Was Considered

CREATED CONSTERNATION

Preparations Have Been Going on for Weeks, it is Stated Authoritatively

By ROBERT J. BENDER.
(U. P. Staff Correspondent.)
Washington, Feb. 3.—President Wilson has determined to break relations with Germany.

Ambassador Gerard at Berlin has been ordered home.

German Ambassador Von Bernstorff will be given his passport immediately.

Friendly relations between the central powers and the United States are definitely at an end.

Whether or not that is an actual declaration of war following upon the president's action depends upon Germany.

This country has made all preparations for any eventualities.

The preparations have been going on for weeks, it was learned today.

Announcement of the president's decision reached yesterday morning, was held up in order that all last details might be carefully attended to.

When news of the president's action broke out through the capitol, it aroused the greatest consternation.

The president arose early this morning, had breakfast as usual and then called for Secretary Tamm.

When Tumulty came back from the mansion, his face was very grave, but the only comment he would make was that the president would address a joint session of congress at two o'clock this afternoon.

The president called Secretary of State Lansing to the white house at 10:30 and informed him of his decision.

Lansing looked very grave and worn as he left the mansion and would make no comment.

Today's Legislative Oddity

Indianapolis, Ind., Feb. 3.—One of the regular jobs in hot houses of the legislature is the moving that the reading of the journal, giving details of the previous meetings, be dispensed with. In the senate, the reader usually gets a good start before some senator cuts him off with a motion to suspend reading of the minutes. The job usually falls to Senator White of Crawfordsville. In the house, no sooner is the reader started than five or six representatives are on their feet ready to offer the motion.

Marriage license have been issued as follows: Leslie A. Brees and Maggie Ellison; Harry D. Vogel and Dorothy M. Mitchell.

MAY CONDUCT A SEWING SCHOOL

Women's Council Will Decide Monday Night Whether to Start Movement of This Sort

MAY HAVE FLOWER SHOW ALSO

Will Determine Whether to Take Over Work of Distributing Seeds at Nominal Cost

Whether or not Rushville is to have a free sewing school in the near future and the possibilities of having a flower show for school children in the spring, are to be decided at the meeting of the Women's Council to be held in the director's room of the Rushville National Bank on Monday evening at 7:30 o'clock.

The need of a sewing school and the marked success of the one conducted in previous years has given a stimulus to the movement. The one several years ago was run by Mrs. T. W. Betker and proved of great benefit to the pupils. This one will be in charge of the Women's Council, if started, and it is to be decided by the council on Monday evening whether or not the project shall be repeated.

The distribution of flower and vegetable seed to the school children at a very nominal rate has been conducted for the past few years. Here tofore, it has been in charge of Mrs. A. L. Stewart, in co-operation with Prof. J. H. Schell. The Women's Council has been asked to take charge of the distribution of the seeds and whether or not they will do so is to be decided upon Monday evening.

In case they do arrange to conduct the sale, it is probable that a flower show will be given in the spring offering prizes to the child having the best success in his or her gardening. Practically all of the seeds are sold at one cent a package and furnished by a nursery at Piqua, Ohio.

The members of the council are urged to be prepared to express their views on the questions to be brought up for decision Monday evening.

INDIANA HOUSE BACKS PRESIDENT

Legislature Passes Resolutions to Stand by Wilson—Jinnett Opposes Measure.

WANTS NO HASTY ACTION

Indianapolis, Ind., Feb. 3.—Resolutions saying "we are with President Wilson in whatever action he takes" in connection with the German crisis were adopted by the house of representatives of the Indiana legislature today. The senate was not in session.

Representative Jinnett of Rush county opposed hasty action on the resolution endorsing the president's action. "We should not be hasty in this matter, until we have ascertained the nature of the moves," said Representative Jinnett.

Will have work in Bank of Esquire Monday night. A good attendance is desired.

THIS IS DAY TO BE VERY THRIFTY

Thrift May Be Directed in Many and Devious Ways, According to Those Behind Project.

GOING HUNGRY IS NOT THRIFT

Neither is Doing Without Things That Are Actually Needed a Practice of Economy.

This is the day to begin to be thrifty.

Today has been set aside all over America for the practice of thriftiness. It does not mean that there is no thrift in Rushville but that there can be more thrift, especially on the part of those who never practiced thrift at all.

The intent of the day is not that a bank account shall be started. The banks of Rushville, and elsewhere in the United States for that matter, are back of the project because they consider it a worthy undertaking. Thrift, according to the ideas of those who originated it, may be directed in many and devious ways.

Thrift day, it is explained, does not necessarily mean that the individual shall go hungry rather than not spend any money. That is not the version of thrift as expressed by the nation-wide celebration of the day. Spending on thrift day can be just as truly a practice of thrift as is saving.

Thrift day can well be considered as an especially appropriate time for annual stock-taking, it is pointed out. It is an ideal time for looking around and seeing how other folks are getting ahead. It is the occasion for observing that the well balanced man or woman is neither penurious nor miserly. They are the ones who get a broad, full conception of thrift from observation of others. They are individuals who note that really thrifty people associate together, have similar amusements, that their relaxations are sane and that instead of avoiding the subject of thrift, they discuss it.

One of the lessons that thrift day teaches is that the person who stows away a few dollars when his eyes need treatment and are causing him to be inefficient is not thrifty; that he is short-sighted who in his imagined practice of thrift fails to clothe himself properly in conformity with his environment and position; that the person who neglects to have a decayed tooth filled when it is undermining his health is not conforming with the true idea of thriftiness.

POLICEMEN FOUND GUILTY

Case in Which W. M. Sparks Was Special Judge is Decided.

Judge Will M. Sparks has returned from Indianapolis, where he acted as special judge in the trial of John Gaughan and Herbert Smutts, Indianapolis policemen, charged with neglect of duty. The case was ended yesterday when the jury found both men guilty, fined each \$300 and sentenced them to three months at the penal farm. The case started Monday morning.

The February term of the Rush circuit court will open Monday.

LAST DAY BRINGS OUT LARGE FIELD

More Candidates on Democratic and Republican Tickets for City Primary Appear.

O. C. BRANN ANNOUNCES TOO

Makes Race for Republican Nomination for Mayor Four-Cornered—Democratic Opposition.

This was the final day for candidates to file their declarations of candidacy in order to get on the ballot at the primary election March 6. The lineup of the two tickets remains about the same although several additional candidates have been brought out.

On the Republican ticket another candidate for mayor has appeared. Oliver C. Brann announced his candidacy late yesterday. This makes four candidates for this office on the republican ticket. In addition to Mr. Brann the candidates are Harley Frazier, A. B. Irvin and Clata L. Bobbitt. Mr. Brann, the latest candidate, has been a member of the city council. He was elected at the last city election from the First ward and was forced to resign when he moved from the ward.

On the democratic ticket, Judge Megee has no opposition for mayor. Two more candidates for clerk announced today. Sam Morgan and Charles Newkirk are the candidates. This makes the race a four-cornered affair between Morgan, Ozro Farthing, Wilbur Stevens and Newkirk. There are three candidates for clerk on the Republican ticket. They are Albert Sweet, Earl Osborn and Walter Easley. Interest in the primary promises to center around the fight for mayor on the republican ticket and for clerk on the democratic ticket.

Morris Winslip, who was at first thought to have clear sailing on the democratic ticket as a candidate for councilman from the First ward, has

"INDIAN" FAKER PROVES A NEGRO

"Medicine Man" Who Stabbed Connersville Boy Wore a Wig, Police Discover

LOCAL PEOPLE ARE "STUNG"

The "Indian" medicine faker, who was arrested in Connersville after he had stabbed Charles Jessop, 12-year-old son of Mr. and Mrs. Joe Jessop, proved to be just a plain negro and his home is said to be on Indiana avenue in Indianapolis.

The man was found to be wearing a wig and when this was removed at the Connersville jail it was discovered that he was a negro. Many people who saw the man while he was in Rushville stated that they did not believe the man an Indian and the disclosures show that they were right. The woman who was with the man returned to Indianapolis. He has not been brought back to Connersville. The Jessop boy is said to stand an equal chance of recovering. People who purchased his remedies here as Indian medicines evidently were "stung."

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

OF LIVE STOCK

The undersigned will sell at Public Sale at the Cullen farm, one and one-mile west of Rushville, on

WEDNESDAY, FEBRUARY 14th, 1917

the following described live stock

12 Draft Mares 12

These are a useful lot with plenty of size, bone and substance, four to eight years old, sorrels, bays, browns, blacks and grays. Some good pairs among them. Ready any day for the plow. Some in foal.

AVAIL YOURSELF OF THIS OPPORTUNITY

30 Head of Cattle 30
TWELVE SHORTHORN COWS AND HEIFERS

This is an exceptionally good bunch, all bred to Registered bull, some with calves at side. A lot of first class milkers.

Five Polled Shorthorn bulls, almost ready for service, an extra fine bunch. Also a few heifer calves. One coming two-year-old steer, a good one. The red, white and roans were never more popular. Buy a few good ones.

SIX HEAD OF SELECT JERSEY COWS

to be fresh soon or calves at side. This is a chance for a good butter cow.

85 Head of Hogs 85
60 — DUROC SOWS — 60

This, I think, is one of the best and most uniform offerings I have ever presented to the public and certainly there was never a more opportune time to invest in a good brood sow. They are strictly pure-bred, out of mature sows and boars and bred to boars out of \$500 and \$1000 sires, for March and April farrow. They have had plenty of exercise, are strong and vigorous and should prove a profitable investment at almost any price. Come, take a few good ones home with you.

ONE YEARLING BOAR. TWO SPRING BOARS.
TWENTY-FIVE CHOICE FEEDERS

20 Shropshire Ewes 20
Sired by an Imported Ram

Their dams and grand-dams for several generations are also by Imported sires. One to four years old, bred to Registered Ram. Sheep and wool are so high in the market I hesitated to make this offering, but hope the opportunity to get a few such ewes will be appreciated.

Sale to be held entirely under cover at the Cullen farm, beginning at 10:00 a. m. sharp, Wednesday, February 14, 1917.

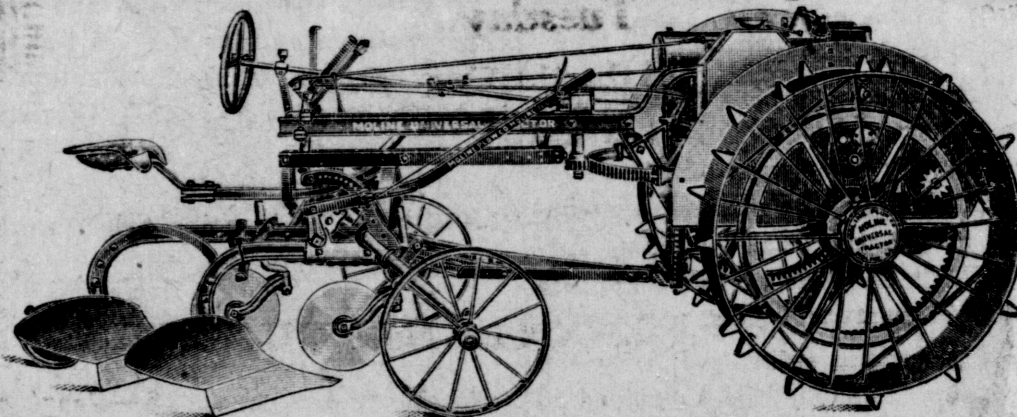

COME RAIN OR SHINE, YOU WILL BE MADE COMFORTABLE

TERMS—A credit until Dec. 25, 1917, will be given on all sums of \$20 or over, purchaser giving note with approved security. 5% off for cash. No property to be removed until settled for.

TO GIVE PAROLE POWER

Resolution Would Permit Suspending of Sentences.

(By United Press.)
Washington, Feb. 3.—Representative Scott of Pennsylvania in a resolution in Congress today asked that federal judges be given power to suspend sentences of persons convicted of crime.

The measure was prompted by a recent Supreme Court decision in which it was held judges do not have this power. Scott's bill would eliminate the danger now facing many paroled persons of a return to prison to serve out sentences never enforced.

HOOSIER BRIEFS

Bluffton—Kenneth Rothermal, a former Bluffton boy, is with the American Ambulance corps in France.

Auburn—Karl Ferrell, 17, killed himself when he was rebuked for being a spendthrift.

Evansville—James M. Brown, 33, four feet, five inches in height and weighing less than eighty pounds, died suddenly.

Ft. Wayne—William Manke, held on a charge of burglary, walked out of jail when he asked the guard if he could get a drink. He hasn't returned yet.

Today's Legislative Oddity

Indianapolis, Ind., Feb. 2.—Senator Abram Simmons of Bluffton is a practicing attorney while not attending to his legislative duties. Perhaps that accounts for him, in making speeches on the floor of the senate, often addressing his colleagues as; "Gentlemen of the jury."

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

A Great Victory.

The dry lightning evidently hit a lot of state senators yesterday. At least the overwhelming vote indicates that there was a sudden change of sentiment in regard to the Wright bill. It was a wonderful victory for the dry forces and merely indicates what the temperance sentiment really is and can accomplish when it is once thoroughly aroused the well organized. Such a sentiment as has been displayed in Indianapolis this week ought to be sufficient to compel the enforcement of the state-wide prohibition law when officials grow reluctant to follow

Is "Peace Without Victory" A Dream, or a Prophecy?

Two unprecedented incidents have been recorded in the cable dispatches since President Wilson outlined before the United States Senate the kind of peace that "the peoples of America could join in guaranteeing." On the day following his speech a great conference of the British Labor Party in England rose to its feet and applauded for five minutes at the casual mention of President Wilson's name—and then enthusiastically voted its unqualified support to the British Government in carrying the war to a victorious conclusion!

The other incident was the sending to President Wilson from the Allies' trenches in France of a number of circular letters each signed by three hundred soldiers, thanking him for his generous intervention, but asking him to "dream no longer of the chimera of peace until victory is gained."

In THE LITERARY DIGEST for February 3d, the feature-article shows what the rulers and the newspapers of the world think of President Wilson's attitude. Since it is not possible to know immediately what the common people think of it, it will give considerable satisfaction to read this comprehensive survey.

the strict letter as well as spirit of the law.

The state-wide bill will settle a controversy that has long been a debatable question here. Without admitting that either is right—but it never will be possible to determine—people who were inclined toward the open saloon will have to admit the loss of their argument that the lack of saloons lost business for Rushville because neighboring cities will be on the same basis as Rushville. Only time will prove whether this theory was correct.

Another signal victory for the temperance cause was the recent ruling of the United States supreme court which held the Webb law constitutional. It provides that shipments of liquor can not be made into dry states without a penalty. This gives dry states a free hand to enforce their prohibition laws without the federal government allowing practices that serve to nullify them.

John M. Lontz of Richmond, who was the candidate against Finly Gray last fall for the democratic nomination for congress in this district, is leading the fight in Indiana against the bill in congress which provides that a tax shall be levied on the incomes of all corporations in excess of eight per cent. But Mr. Lontz seems to forget that the administration must have revenue by some means and that not near enough can be realized from the tariff legislation which Mr. Lontz promised he would support when he sought to be the democratic party's candidate in this district.

An administration that tells Americans to leave Mexico because

the United States can not protect its citizens or their property there should not be abashed at an order for all American citizens to remain off trans-Atlantic liners that are subject to submarine attack, according to the new German barred zone order.

A Richmond councilman says he likes the "more daylight" idea and is going to ask the council to endorse the idea. Columbus Republican please take notice.

The Muncie Press saw some place that a man named Stringfellow was a candidate for councilman and comments that probably his friends do.

JINNETT BILL PASSES

The bill introduced by Representative W. R. Jinnett of this county, providing for the abolishment of the office of the legal clerk to the state public service commission was passed by the house of representatives, the democrats voting solidly against it.

Coming Battle Between Freddie Welsh and White Fails to Arouse Fans.

IS NOT A REAL CONTENDER

Announcement Considered Enough to Send Cold Shivers Chasing Themelves up Spine.

BY H. C. HAMILTON,
(U. P. Staff Correspondent.)

New York, Feb. 3.—The announcement that Freddie Welsh is willing to box Charlie White again for the world's lightweight championship is enough to send the cold shivers chasing themselves up and down a fight fan's spine. It is coming too close for temperamental benefit; someone might be trying to put on the bout and use that method of bringing it before the public.

Charlie White isn't the man to meet Freddie Welsh for the lightweight title. He has had many chances and not once made good. On one occasion he tackled the job over the twenty-round route and made such a flat failure of it that he wasn't even considered when it came to discussing the referee's decision.

It's too bad that White can't develop into a real contender for Welsh's title. But he can't and that end the discussion. He isn't aggressive enough. Undoubtedly if he got close enough and could be induced to come out of his hypnotic state long enough he would slip the old left hand over and it would be curtains for Welsh. But Welsh is far too clever and smart to permit the left hand to connect with his jaw. Welsh himself said after the recent bout at Colorado Springs that he would fight White by the hour instead of by the round, and would guarantee to step all over the Chicago boy.

White is a great boy against any one he can hit. If he can slide close enough and get his feet in the right position it is within his power to crush the hopes of any lightweight. But there are several lightweights who can keep several paces distant from White and still pepper him with right and left hand blows. He's just a bit too slow to ever catch a man who is good enough to wear the lightweight crown.

Any promoter who stages such a bout will be taking a long chance.

GREENSBURG IS BEATEN BY LOCALS

Rushville Five Takes Rather Easy Game by Score of 43 to 26 at Greensburg

IN LEAD THROUGHOUT GAME

The Rushville high school basketball team won an easy victory over Greensburg last night at Greensburg, the score being 43 to 26. This is the second defeat for Greensburg at the hands of the local five. The locals took an early lead and were never headed. At one time in the first half the score stood 14 to 4 in favor of Rushville and then Greensburg took a brace and the half ended 22 to 15, with Rushville still leading.

The second half was a repetition of the first half. Thorpe and Martin were the main point makers for Rushville each scoring seven field goals. Reed made three field goals during the game. Rushville was slightly handicapped on account of the size of the floor but this was soon overcome. The floor was not as wide as the local floor and this bothered the team at the start.

HERE'S MAN WITH A NEW CALENDAR

Under His System There Would be Four Seasons of Three Months—Shorten Some Months.

DATE SAME DAY EVERY MONTH

Fresno, Cal., Feb. 3.—Now comes Benj. G. Goodman of this city with a new calendar. If it went into effect we could forget the old rhyme about: "Thirty days hath September, April June and November."

Under Goodman's system the year would be divided into four seasons of three months each. Each would contain two months of 28 days each and one month of 35 days. New Year's day would not, under this system, be Jan. 1, but would be simply known as New Year's day and would be the day following the last day of the year. The day after New Year's would be Jan. 1.

Goodman says his system would produce a condition where the same date in each month would always fall on the same day of the week.

Attorney General Declares Representatives Can Make Race.

Indianapolis, Ind., Feb. 3.—Considerable discussion has arisen since the passing of the bill providing for the calling of a constitutional convention regarding whether or not members of the present legislature may be candidates for delegates to the constitutional convention.

Attorney General Ele Stansbury, in an opinion given to the United Press today, stated that members of the legislature could be candidates for delegates to the convention. It is believed that a large number of the legislators will make the race for convention delegates, in view of the attorney general's ruling.

Sport Togs Display Broad Range of Color this Yerr

Stunning New Silk Like a Heavy Pongee Called Khaki Kool is Favored Material And it Comes in Daring and Unusual Designs and All the Vivid Colorings—Cerise, Green and Gold Seem to be Most Striking Trio of Tints For One Piece Effects

By MARGARET MASON
(Written for United Press.)

Hist! This is the song that the husbands now hear:

"Oh Honey, the sport togs are lovely this year.
"I pr'hee iavest!

"So I will be dressed.
"In a manner befitting my station.
Some gear

"It takes for each sport
"So be a good sort
"And hand out the largesse
"That's really you're forte."
He does. When he's finished
Believe me it's true

Though she's dressed for the part
He's the best sport of the two.

New York, Feb. 3.—Behold the Lilys of the field, the Roses of the beach, the Daisies of the golf links, the Violets of the tennis court, the Irises of the motor course—they toil not (only exercise a little) neither do they spin (except in a Rolls-Royce or a Ford) yet Solomon in all his glory was not arrayed as one of these.

Never have sport suits, frocks and accessories been more bewilderingly beautiful. The windows are full of them already for Southern exposure at Palm Beach and like havens, where the fortunate flit. We stand gazing upon their glories rapt in admiration and our heaviest furs.

In slush ankle deep while wintry winds do blow we can still visualize how we will look in that glorious turquoise pongee one-piece banded in golden yellow this summer if we are lucky enough to save enough pennies for it. There is a ducky hat with turquoise parasol to match, whose inner side is a mass of tiny puffs and shirrings of the yellow figured border. All up-to-date 1917 model parasols are wearing their ornate trimmings inside and a closed parasol is a closed book. Only when opened does it disclose its glories to an admiring multitude.

Unusual and Oriental are the col-

or combinations used to band and trim the sport suits and one piece frocks but always are they hectic to the highest degree. A stunning new sport silk like a heavy pongee called Khaki Kool is the favored material and it comes in daring and unusual designs and all the vivid colorings.

Sport skirts of this material are striped in vivid colors as they were last year but this season too they will be easily spotted with polka dots as large as life and twice as colorful.

Hats, parasols, stockings, shoes, handkerchiefs and bags are all gotten up to match and carry out a complete costume effect. Among the lovely new silk sweaters a lettuce green one banded, sashed, and sailor-collared in white is perhaps the loveliest, but a two toned sweater coat in checkerboard pattern that comes in two shades of blue, yellow, rose or green and black and white is also a stunning novelty.

Cerise, green and gold seem to be the most taking trio of tints for the one piece straight line sport silk dresses but they will have some other vivid dash of contrasting color to startle and attract.

Jersey cloth still continues to hold its popularity over from last year into this for sport suits and a new material called suede is also very good. For motor coats of Spring suede cloth is the material de luxe with linings of softest, brightest silk or chiffon cloth. They are so shorter than the winter coats and so full and loose as almost to be mistaken for capes at the first fleeting glance as they dash by on up-to-date maids in up-to-date motors.

But don't for a minute think it is necessary to go in for sports in order to sport these sporty sport togs. Indeed nay, no and likewise never. This summer you will find that these deliciously delectable duds will be worn anywhere and everywhere from a pink tea to the village green.

RECIPES

"Canned goods" have long since lost their horror, now that for sanitation and convenience practically everything in the eating line is put up in cans. Knowing that they are up according to the pure food laws, it remains with the cook to transform the contents of the cans into appetizing and varied dishes. The following dishes which will make up the greater part of a dinner can be prepared with a can-opener and a little forethought by the cook.

Cream of Pea Soup.

1 can peas, 2 cups cold water; 2 cups milk, 1 slice onion, 2 tablespoons butter, 2 tablespoons flour, 1½ teaspoons salt, little pepper. Drain peas from the liquor, add the cold water and cook slowly twenty minutes; rub through a sieve. Scald milk with the onion, remove onion and add peas to milk; thicken with the butter and flour cooked together, add salt and pepper.

Green Lima Bean Salad.

To one can green Lima beans add three tablespoons olive oil, a little onion juice and ½ teaspoon salt, 2 tablespoons vinegar or lemon juice, 2 tablespoons cucumber pickle chopped fine. Mix thoroughly, serve on lettuce leaves.

Scalloped Tomatoes.

Butter a baking dish, put in a layer of tomatoes, season with salt, pepper and butter add a layer of buttered bread or cracker crumbs, and continue, having last layer of crumbs. Bake about twenty minutes in hot oven. (A small amount of sugar may be added.)

Strawberry Sponge.

1½ tablespoons granulated gelatin, 1-3 cup cold water, 1-3 cup boiling water ½ cup sugar, 1 tablespoon lemon juice, 1½ cups canned strawberries, 2 cups heavy cream whipped. Soak gelatin ten minutes in cold water, add boiling water and stir until gelatin is dissolved add sugar, lemon juice, strawberries, let cool when slightly thickened fold in cream whipped. Turn mixture into mould and chill until firm.

tee will be given and officers will be elected.

The number on the program are: "Organ Fantasia and Fugue in G Minor" by J. F. Bach played by Miss Jessie Kitchen and Mrs. Hugh Mauzy; vocal solo "My Heart at thy Sweet Voice" by Saint Sans, by Miss Norma Smith; "Flleuse Chaminade," piano solo by Miss Anna Poundstone; double duet "O Lovely Piece," by Handel, by Miss Norma Smith, Miss Edith Buell, Mrs. Esther McClend and Mrs. Will Amos; duo piano number, "Dance of Gnomes" and "Serenade" by B. L. Whetley by Mrs. Hugh Mauzy and Miss Jessie Kitchen; vocal solo, "I Know a Lovely Garden," Guy D'Harlot, by Mrs. Francis Moor; dialogue, "Songs That My Mother Taught Me" by Miss Norma Smith and Miss Frances Frazee; vocal solo "Those Evening Bells" by Beethoven, by Mrs. Francis Moor, Mrs. George Wiltse and Miss Alice Norris; piano duo "The Preludes" by Liszt, Mrs. Hugh Mauzy and Miss Jessie Kitchen.

Mrs. F. G. Hackleman is entertaining members of her Sunday school class of the St. Paul's M. E. Sunday school this evening in a novel way. The thirteen boys, all in their teens, have been invited in for dinner. Those who have not missed attending Sunday School for an allotted time are to be special guests at the first table and those who have been irregular in attendance are to be waiters. Appropriate contests have been arranged for entertainment during the evening.

Amusements

The Princess will show Donald Hall and Lillian Burns in the powerful drama "The Man Who Went Sane" for the first picture of tonight's program. In addition to this picture the Chaplin comedy "The Rink" will be repeated again tonight. Monday "The Revolt" in which Francis Nelson and Arthur Ahlsley are featured will be shown.

The Gem offers "The Masked Woman" for the first picture of tonight's program. Gretchen Lederer is featured and it is said to be a fine drama. The second is a drama entitled "So This is Paris." King Baggot is shown in this one. The last is a comedy "Alone in the World." Monday the five act feature drama "Comrad John" will be shown in which Ruth Roland and William Elliott are featured.

D. W. Griffith's magnificent historical spectacle "The Birth of a Nation" will come to the Graham Annex, Rushville, Feb. 12, matinee and night. "The Birth of a Nation" is one of the most widely discussed topics in the country. It establishes an absolutely new art in the realm of the theatre—the art of pantomimic screen spectacle with music. It also created a tremendous sensation because of its vaster and more forceful treatment of the same theme as Thomas Dixon's "The Clansman." The consequences of the Civil War in Southern reconstruction are fully dealt with, and the nation reborn is apotheosized. Mr. Griffith, pioneer among directors, managed the stupendous achievement without the aid of dialogue or speech, for motion pictures, accompanying music and effects tell the coherent, logical and moving story.

A concert of equal importance will be the joint recital of Galli-Curci, the young Italian Soprano who has been the sensation of the Chicago Opera, and Rudolph Ganz the emi-

If you are even considering having a party in the near future, do so during the month of February for this one month excels all others in the many clever favors and suggestions for entertaining ones friends. Of course this is because of the numerous holidays that this month has drawn out of the whole year. Unlike most anything else, these little favors are not particularly expensive and considering what they add to the festiveness of one party, they cost practically nothing.

Every February brings a few more suggestive in the line of favors, but 1917 has undoubtedly done more than its share for never were the little favors so clever, so suggestive of their holiday, and so varied in their purpose. The following observations are from the favors offered in the local stores.

Valentine's Day seems to offer more of an inspiration than any of the the other days in February. For the table, there are the little place cards aranged to stand up at the places. These bear little Cupids fishing for hearts, hearts that give an odd shape to the cards, and other emblems carried out in the bright red and white. All of these designs are worked out in the newest ways and brightest colors on the paper napkins for the season. Speaking of crepe paper, too, it is being sold in narrow strips now so that it may be used in strands and twined for a canopy with less trouble to the decorator. Some of the white crepe paper in decorated in the colors and suggestions of the day. To perch in the salad or ice, there are cupids and hearts on the end of a tiny cardboard arrow. Innumerable designs are being shown in the small seals, heart and cupid shapes. These are very inexpensive to stick on the invitation, the place cards, the pa-

per mat used beneath the ice cream, or even the cup or plate. For decorations, there are hearts cut in all sizes, cupids to string from the chandelier, and outlined hearts in which a cupid is swinging. There are favors of tiny metal hearts to pin on, also.

Nothing will cause more merriment that the paper hats, bearing Valentine designs, for giving one guests as favors.

The Father of the Country is not slighted, though, in the festivities. The Washington birthday place cards are lovely. Most of them are made to bend so the will stand at the places. Some are shaped like a hatchet in the national colors and others bear bunches of red cherries. The little stickers, although they vary in size in design, show the most popular style to be a shield of the national colors, with the head of George Washington embossed in white. The crepe paper suggested for decorations is designed with cherries and hatchets suggestive of the memorable day.

Although St. Patrick's day is a month off, the favors are already in. The bright green is used most artistically in the favors that this year vary somewhat from the overworked shamrock. Green french baskets overflowing with flowers or shamrocks are on the place cards and there are seals and favors bearing the same design. Of course there are all kinds of paper napkins for the more informal lunch. The little favors for pinning on ones guest are limitless. Little silk hats, shamrocks, pipes, all bearing a suggestion of the Irish green.

Practically all of the favors, place cards and seals are put up in convenient and neat little packages, and, to repeat, are quite reasonable.

Before St. Valentine's Day

Long before Rome was converted to christianity the youths and maids on February 15 annually drew names from two sacred urns in the temple of those of the opposite sex who fate decreed were to be their sweet-

Hearts for the coming year. The early fathers of the church, finding they were powerless to entirely eradicate the pagan practices of the Lupercalia, changed it from Feb. 15 to St. Valentine's day, the 14th.

**A
DENTISTS
FORMULA**

**VEGETABLE
CALOMEL**

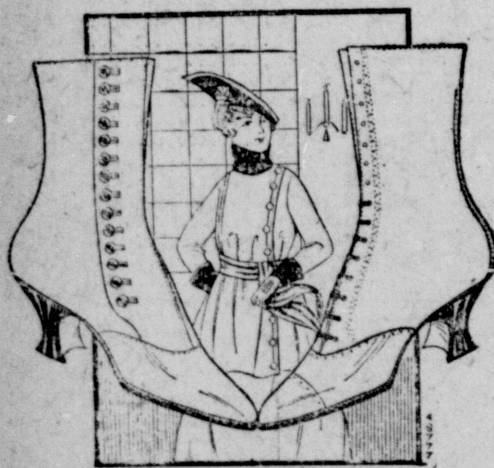

Vegetable calomel, extract of the
root of the old-fashioned may-apple
plant, does not salivate. As a liver
stimulator, it's great. It's a per-
fect substitute for ordinary calomel
(mercury); in fact, it's better,
because its action is gentle instead
of severe and irritating—and it
leaves no mean, disagreeable after-
effects. Physicians recognize this
and prescribe may-apple root (po-
dophyllin, they call it) daily.

Combined with four other stand-
ard, all-vegetable remedies, may-
apple root may now be had at most
any druggist's in convenient sugar-
coated tablet form by asking for
Sentanel Laxatives. If you forget
the name, ask for the box that has
the picture of the soldier on it.

These tablets are small, easy to
take and are really wonderful lit-
tle performers.

They quickly clean out the poi-
sons that are causing you head-
ache, constipation, sour stomach,
biliousness, dizzy spells, bad breath
and coated tongue.

They are mild. They never
gripe. And they are a bowel tonic
as well as a cleanser and liver
regulator. A 10c box should last
one several weeks. A Physician's
trial package (4 doses) will be
mailed you free if you write men-
tioning this advertisement. The

ison Ave., Covington, Ky.

**YESTERDAY THE
COLDEST RECORDED**

No Twelve-Hour Period Equals in
Low Average Temperature
That of Friday

4 BELOW ZERO LAST NIGHT

Four below zero was the coldest
point reached last night. Thermo-
meters showed four below at mid-
night and the same temperature was
recorded at sunrise this morning. The
day taken as a whole was warmer
than yesterday. At eleven o'clock
the mercury stood at seven above.
Yesterday the mercury did not get
above the zero mark. The wind,
which was of the blizzard variety
dropped somewhat in the night, and
this tended to reduce the cold.

Taken for the entire twenty-four
hours yesterday the average tempera-
ture was 2 above. The average for
the twelve hours from six o'clock in
the morning until six o'clock at night
was four below zero, which is cold
enough to satisfy the most ardent
admirer of winter weather. Elwood
Kirkwood stated that there was one
colder day than yesterday on record
when the entire 24 hours is consid-

**DID NOT TAKE HIS
CHAIR WITH HIM**

Carranza Left "Presidential" Chair
in Mexico City for the First
Time

ATTENDING CONVENTION

(By United Press.)

Ciudad Juarez, Chih., Mex., Feb. 3.—
For the first time since he seized
the power as First Chief Carranza
has left the fateful presidential chair
in Mexico City. In his numerous
journeys over the country he has al-
ways carried the "phantom chair"
with him. When he came to Quere-
taro to attend the constitutional
convention now in session he left the
chair in the palace.

As a symbol of power the chair
has a romantic history. Out of the
turmoil of bloody revolutions eleven
have attained the chair. One was as-
sassinated, two died in foreign lands,
and most of the others are in exile.

At one time Pedro Lascurain oc-
cupied the chair as president for
forty-five minutes. He was forced
from the throne by Huerta.

The chair is simply upholstered in
red plush. The Symbolic golden eagle
clutching a serpent in the only decora-
tion. Yet it is the dream of every
ambitious Mexican from jefe to gen-
eral.

REPORT COMING NEXT WEEK

Conservation Bill to be Brought Out
of Committee.

Indianapolis, Ind., Feb. 3.—No re-
port is expected on the administra-
tion bill providing for the establish-
ment of a state conservation com-
mission until the latter part of
next week, according to statements
by chairmen of the natural resource
committee of the house and senate
today. The measure, which would
abolish the offices of state entomolo-
gist, geologist, fish and game com-
mission, veterinarian and other offices
and transfer their duties to a com-
mission, has been meeting with con-
siderable opposition. Similar bills
are before both houses. It is be-
lieved that when the committee reports
are made, they will be divided, the
minority favoring indefinite post-
ponement and the majority re-
commending passage. A joint meet-
ing of the house and senate commit-
tees to consider the measure, will
probably be held the early part of
next week.

**FOREIGN POWERS
ARE INTERESTED**

Watch Tendency of United States
to Aid China Financially—
Loan is Ready.

(By United Press.)

Jekin, Jan. 5. (By Mail).—Foreign
powers interested in China and her
riches today are turning watchful
eyes toward America and her recent
tendency to take a hand in the fi-
nancing of the Celestial Republic.
This has just been illustrated by the
action of the Four-Power-Loan
Group—Germany is no longer con-
sidered a member—in addressing an
inquiry to the Chinese Department of
Finance concerning the new Ameri-
can loan, concluded with the Conti-
nental Commercial Bank of Chicago.

From information now available it
appears that the advance of \$5,000-
000 already announced is a part of
a loan of \$30,000,000, from which the
larger loan is concluded. Otherwise
\$5,000,000 will be deducted if the
the \$5,000,000 loan is to be repaid in
three years.

The loan will bear 6 per cent inter-
est, will be issued at 97½ and will be
secured by wine and tobacco taxes.
It has already passed the House of
Representatives here.

**PREDICTS "DRY"
NATION BY 1918**

Anti-Saloon League Believes Entire
United States Will Soon be
Included.

MAY COME UP IN CONGRESS

(By United Press.)

Washington, February 3.—That
the entire United States will be
voted dry by the end of 1917 was
the prediction here today of the
Anti-Saloon League of America.
The claim is based on the following:

Pending dry legislation will be
passed at the present session of
Congress, as a result of the "undis-
puted" growth of public sentiment in
favor of it, and the 139 new House
of Representatives members will
swell the ranks of the "197 members
of the House who favored the Hobson
National Prohibition bill."

Many of them, it is pointed out,
have been elected from states which
have recently "gone dry" or have
declared their intention of so doing.
Virginia, Alabama, Iowa, Nebraska,
and Michigan have adopted prohibi-
tion laws since the vote was taken
in Congress on the Hobson Constitu-
tional amendment bill.

"It is reasonable to assume the
movement will have all of the Con-
gressional votes of these states—a
gain of 15."

BARBERS NOW HAVE BILL

Union Members Want Board of Ex-
aminers and a License.

(By United Press.)

Indianapolis, Ind., Feb. 3.—A bill
providing for the creation of a state
board of barber examiners and the
licensing of all shops and workers
in the state will be presented to the
legislature within the next few days.
The bill provides that the board
would pay its own expenses through
fees procured through the issuing of
permits.

Union barbers all over the state
are backing the measure. They de-
clare that the measure would serve
as a protection to customers as well
as barbershops. Insanitary shops
would have to be efficient before be-
ing allowed to follow the business.

They point out that more than half
of the states now have boards of ex-
aminers and have been successful
in every state where created.

President Announces That United States Has Severed Diplomatic Relations With Germany

Count Bernstorff Handed Passport This Afternoon

DETERMINED TO PROTECT LIVES

President in Address to Congress Explains His Acts and Cites Reasons.

DOES NOT FAVOR FIGHTING

Declares if Germany Wants Peace With This Country it is Up to Her.

By ROBERT J. BENDER.
(U. P. Staff Correspondent.)
Washington, Feb. 3.—Diplomatic relations between the United States and Germany are severed.

German Ambassador Von Bernstorff was handed his passport at 57 o'clock this afternoon.

A few minutes later President Wilson appeared before a joint session and informed congress of the action that had been taken and of what his government was looking forward to in the way of relations. He spoke in part as follows:

"If American ships and American lives should in fact be sacrificed in needless controversy of the just and reasonable understanding of international law and the obvious dictates of humanity I shall take the liberty of coming again before Congress that the authority be given me to use any means that may be necessary for the protection of our sea and our people in the prosecution of our rights on the sea. I can say nothing less. I take it for granted that all neutral governments will take the same course.

We do not desire any hostile connection with the Imperial German government. We are the sincere friends of the German people and earnestly desire to remain at peace with them. I do not believe they are hostile to us unless we are obliged to be so.

We wish to serve no selfish ends, we wish to stand alike in action and to the interest of the people, as I expressed to you a few weeks ago in my 'peace' message which is merely to vindicate the right to liberty and justice and to life. These are basis of peace, not war, God grant we may be challenged to defend them and of willful unjustness on the part of the government of Germany."

BULLETIN.

(By United Press.)
Philadelphia, Pa., Feb. 3.—An attempt was made to sink the United States torpedo destroyer Jacob H. C. Smith of the League Island navy here this afternoon when a mine was opened the sea cock.

A lot of water poured into the hold. When the attempt to sink the ship was discovered by an officer, the ship was immediately towed into dock. At the time the officers refused to discuss the matter, but it is known that the ship was damaged.

Side Lights on German Situation

PRIZE SHIP TAKEN.

(By United Press.)
Norfolk, Va., Feb. 3.—United States officials consisting of a dozen representatives of the custom bureau and the navy department today boarded the interned ship Appam, which was brought into port by a German prize crew, and formally took possession.

During the process the United States revenue cutter Yamacraw pulled up into position alongside the Appam and trained her guns on the boat.

GERMANS LOSE ON MARKET

(By United Press.)
New York, N. Y., Feb. 3.—In a wonderful demonstration of patriotism by big interests the stock market was turned upward and became a booming war market today. It was reported on the best authority in the street that the big German houses which have been selling short in anticipation of a break in view of the submarine crisis were caught by the up-turn.

FOR PREPAREDNESS.

(By United Press.)
Washington, Feb. 3.—Senator Thomas of Colorado today introduced a resolution authorizing the issue of \$500,000,000 in bonds to enable the government to put the country in a state of military and naval preparedness. While senate leaders denied they were ready to authorize huge expenditures at this time, unless the president asks for them, the action of Senator Thomas points clearly to the fact that there is a general sentiment in favor of getting the nation ready for war if conditions continue to get worse.

HEAVY GUARD MAINTAINED.

(By United Press.)
Washington, Feb. 3.—The navy department today issued orders to admit no one into any naval station of the United States but employees. This is taken as a pre-cautionary measure. Guards have been trebled at all stations.

PUT ON WAR BASIS.

(By United Press.)
Philadelphia, Pa., Feb. 3.—The League Island navy yards here was put on a war basis today. After a day of feverish activity aboard the ships yesterday, the gates of the yards were closed to all visitors. Shore leaves were also countermanded and triple guards placed at every entrance while extra patrols were thrown about shops, warships and streets.

U-BOAT CARGO BURNED

(By United Press.)
New London, Conn., Feb. 3.—The cargo intended for the German merchant submarine Deutschland expected at this port momentarily was in flames at 11 o'clock today. Fire broke out soon after word was received that diplomatic relations with Germany were to be severed.

Mahoning Council, No. 36 will have a meeting tonight at the Red Men hall at seven-thirty o'clock.

DETAILS WERE ALL ARRANGED

Decision to Break With Germany Came After Every Possible Angle Was Considered

CREATED CONSTERNATION

Preparations Have Been Going on for Weeks, it is Stated Authoritatively

By ROBERT J. BENDER.
(U. P. Staff Correspondent.)
Washington, Feb. 3.—President Wilson has determined to break relations with Germany.

Ambassador Gerard at Berlin has been ordered home.

German Ambassador Von Bernstorff will be given his passport immediately.

Friendly relations between the central powers and the United States are definitely at an end.

Whether or not that is an actual declaration of war following upon the president's action depends upon Germany.

This country has made all preparations for any eventualities.

The preparations have been going on for weeks, it was learned today.

Announcement of the president's decision reached yesterday morning, was held up in order that all last details might be carefully attended to.

When news of the president's action broke out through the capitol, it aroused the greatest consternation.

The president arose early this morning, had breakfast as usual and then called for Secretary Tamm.

When Tamm came back from the mansion, his face was very grave, but the only comment he would make was that the president would address a joint session of congress at two o'clock this afternoon.

The president called Secretary of State Lansing to the white house at 10:30 and informed him of his decision.

Lansing looked very grave and worn as he left the mansion and would make no comment.

Today's Legislative Oddity

Indianapolis, Ind., Feb. 3.—One of the regular jobs in hot houses of the legislature is the moving of the reading of the journal, giving details of the previous meetings, be dispensed with. In the senate, the reader usually gets a good start before some senator cuts him off with a motion to suspend reading of the minutes. The job usually falls to Senator White of Crawfordsville. In the house, no sooner is the reader started than five or six representatives are on their feet ready to offer the motion.

Marriage license have been issued as follows: Leslie A. Brees and Maggie Ellison; Harry D. Vogel and Dorothy M. Mitchell.

MAY CONDUCT A SEWING SCHOOL

Women's Council Will Decide Monday Night Whether to Start Movement of This Sort

MAY HAVE FLOWER SHOW ALSO

Will Determine Whether to Take Over Work of Distributing Seeds at Nominal Cost

Whether or not Rushville is to have a free sewing school in the near future and the possibilities of having a flower show for school children in the spring, are to be decided at the meeting of the Women's Council to be held in the director's room of the Rushville National Bank on Monday evening at 7:30 o'clock.

The need of a sewing school and the marked success of the one conducted in previous years has given a stimulus to the movement. The one several years ago was run by Mrs. T. W. Betker and proved of great benefit to the pupils. This one will be in charge of the Women's Council, if started, and it is to be decided by the council on Monday evening whether or not the project shall be repeated.

The distribution of flower and vegetable seed to the school children at a very nominal rate has been conducted for the past few years. Here, before, it has been in charge of Mrs. A. L. Stewart, in co-operation with Prof. J. H. Scholl. The Women's Council has been asked to take charge of the distribution of the seeds and whether or not they will do so is to be decided upon Monday evening.

In case they do arrange to conduct the sale, it is probable that a flower show will be given in the spring offering prizes to the child having the best success in his or her gardening. Practically all of the seeds are sold at one cent a package and furnished by a nursery at Piqua, Ohio.

The members of the council are urged to be prepared to express their views on the questions to be brought up for decision Monday evening.

INDIANA HOUSE BACKS PRESIDENT

Legislature Passes Resolutions to Stand by Wilson—Jinnett Opposes Measure.

WANTS NO HASTY ACTION

Indianapolis, Ind., Feb. 3.—Resolutions saying "we are with President Wilson in whatever action he takes" in connection with the German crisis were adopted by the house of representatives of the Indiana legislature today. The senate was not in session.

Representative Jinnett of Rush county opposed hasty action on the resolution endorsing the president's action. "We should not be hasty in this matter, until we have ascertained the nature of the moves," said Representative Jinnett.

Will have work in Bank of Rushville Monday night. A good attendance is desired.

THIS IS DAY TO BE VERY THRIFTY

Thrift May Be Directed in Many and Devious Ways, According to Those Behind Project.

GOING HUNGRY IS NOT THRIFT

Neither is Doing Without Things That Are Actually Needed a Practice of Economy.

This is the day to begin to be thrifty.

Today has been set aside all over America for the practice of thriftiness. It does not mean that there is no thrift in Rushville but that there can be more thrift, especially on the part of those who never practiced thrift at all.

The intent of the day is not that a bank account shall be started. The banks of Rushville, and elsewhere in the United States for that matter, are back of the project because they consider it a worthy undertaking. Thrift, according to the ideas of those who originated it, may be directed in many and devious ways.

Thrift day, it is explained, does not necessarily mean that the individual shall go hungry rather than not spend any money. That is not the version of thrift as expressed by the nation-wide celebration of the day. Spending on thrift day can be just as truly a practice of thrift as is saving.

Thrift day can well be considered as an especially appropriate time for annual stock-taking, it is pointed out. It is an ideal time for looking around and seeing how other folks are getting ahead. It is the occasion for observing that the well balanced man or woman is neither penurious nor miserly. They are the ones who get a broad, full conception of thrift from observation of others. They are individuals who note that really thrifty people associate together, have similar amusements, that their relaxations are sane and that instead of avoiding the subject of thrift, they discuss it.

One of the lessons that thrift teaches is that the person who stows away a few dollars when his eyes need treatment and are causing him to be inefficient is not thrifty; that he is short-sighted who in his imagined practice of thrift fails to clothe himself properly in conformity with his environment and position; that the person who neglects to have a decayed tooth filled when it is undermining his health is not conforming with the true idea of thriftiness.

POLICEMEN FOUND GUILTY

Case in Which W. M. Sparks Was Special Judge is Decided.

Judge Will M. Sparks has returned from Indianapolis, where he acted as special judge in the trial of John Gaughan and Herbert Smutis, Indianapolis policemen, charged with neglect of duty. The case was ended yesterday when the jury found both men guilty, fined each \$300 and sentenced them to three months at the penal farm. The case started Monday morning. The February term of the Rush county court will open Monday.

LAST DAY BRINGS OUT LARGE FIELD

More Candidates on Democratic and Republican Tickets for City Primary Appear.

O. C. BRANN ANNOUNCES TOO

Makes Race for Republican Nomination for Mayor Four-Cornered—Democratic Opposition.

This was the final day for candidates to file their declarations of candidacy in order to get on the ballot at the primary election March 6. The lineup of the two tickets remains about the same although several additional candidates have been brought out.

On the Republican ticket another candidate for mayor has appeared. Oliver C. Brann announced his candidacy late yesterday. This makes four candidates for this office on the republican ticket. In addition to Mr. Brann the candidates are Harley Frazier, A. B. Irvin and Clara L. Bebout. Mr. Brann, the latest candidate, has been a member of the city council. He was elected at the last city election from the First ward and was forced to resign when he moved from the ward.

On the democratic ticket, Judge Megee has no opposition for mayor. Two more candidates for clerk announced today. Sam Morgan and Charles Newkirk are the candidates. This makes the race a four-cornered affair between Morgan, Ozro Farthing, Wilbur Stevens and Newkirk. There are three candidates for clerk on the Republican ticket. They are Albert Sweet, Earl Osborn and Walter Easley. Interest in the primary promises to center around the fight for mayor on the republican ticket.

Morris Winship, who was at first thought to have clear sailing on the democratic ticket as a candidate for councilman from the First ward, has

"INDIAN" FAKER PROVES A NEGRO

"Medicine Man" Who Stabbed Connersville Boy Wore a Wig, Police Discover

LOCAL PEOPLE ARE "STUNG"

The "Indian" medicine faker, who was arrested in Connersville, after he had stabbed Charles Jessop, 12-year-old son of Mr. and Mrs. Joe Jessop, proved to be just a plain negro and his home is said to be on Indiana avenue in Indianapolis.

The man was found to be wearing a wig and when this was removed at the Connersville jail it was discovered that he was a negro. Many people who saw the man while he was in Rushville stated that they did not believe the man an Indian and the disclosures show that they were right. The woman who was with the man returned to Indianapolis. He has not been brought back to Connersville. The Jessop boy is said to stand an equal chance of recovering. People who purchased his remedies here to Indian medicine evidently were deceived.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink
hot water each morning
before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system, nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

A Great Victory.

The dry lightning evidently hit a
lot of state senators yesterday. At
least the overwhelming vote indi-
cates that there was a sudden
change of sentiment in regard to
the Wright bill. It was a wonderful
victory for the dry forces and merely
indicates what the temperance sen-
timent really is and can accomplish
when it is once thoroughly aroused
the well organized. Such a senti-
ment as has been displayed in Indi-
anapolis this week ought to be suffi-
cient to compel the enforcement of
the state-wide prohibition law when
officials grow reluctant to follow

Is "Peace Without Victory" A Dream, or a Prophecy?

Two unprecedented incidents have been recorded in the cable dispatches since President Wilson outlined before the United States Senate the kind of peace that "the peoples of America could join in guaranteeing." On the day following his speech a great conference of the British Labor Party in England rose to its feet and applauded for five minutes at the casual mention of President Wilson's name—and then enthusiastically voted its unqualified support to the British Government in carrying the war to a victorious conclusion!

The other incident was the sending to President Wilson from the Allies' trenches in France of a number of circular letters each signed by three hundred soldiers, thanking him for his generous intervention, but asking him to "dream no longer of the chimera of peace until victory is gained."

In THE LITERARY DIGEST for February 3d, the feature-article shows what the rulers and the newspapers of the world think of President Wilson's attitude. Since it is not possible to know immediately what the common people think of it, it will give considerable satisfaction to read this comprehensive survey.

Are You Going To Build?

If you are, whether it be a private residence, a building for industrial or manufacturing purposes, a skyscraper or any sort of a building, you will be interested in reading the announcements of the building material manufacturers appearing in this week's issue of THE LITERARY DIGEST.

There is a wealth of practical information here that is not only interesting but of much importance to everyone who would keep abreast of some of the important developments and advances made in materials that enter into the construction, equipment or decoration of modern buildings.

the strict letter as well as spirit of the law.

The state-wide bill will settle a controversy that has long been a debatable question here. Without admitting that either is right—but it never will be possible to determine—people who were inclined toward the open saloon will have to admit the loss of their argument that the lack of saloons lost business for Rushville because neighboring cities will be on the same basis as Rushville. Only time will prove whether this theory was correct.

Another signal victory for the temperance cause was the recent ruling of the United States supreme court which held the Webb law constitutional. It provides that shipments of liquor can not be made into dry states without a penalty. This gives dry states a free hand to enforce their prohibition laws without the federal government allowing practices that serve to nullify them.

John M. Lontz of Richmond, who was the candidate against Finly Gray last fall for the democratic nomination for congress in this district, is leading the fight in Indiana against the bill in congress which provides that a tax shall be levied on the incomes of all corporations in excess of eight per cent. But Mr. Lontz seems to forget that the administration must have revenue by some means and that not near enough can be realized from the tariff legislation which Mr. Lontz promised he would support when he sought to be the democratic party's candidate in this district.

the United States can not protect its citizens or their property there should not be abashed at an order for all American citizens to remain off trans-Atlantic liners that are subject to submarine attack, according to the new German barred zone order.

A Richmond councilman says he likes the "more daylight" idea and is going to ask the council to endorse the idea. Columbus Republican please take notice.

The Muncie Press saw some place that a man named Stringfellow was a candidate for councilman and comments that probably his friends do.

JINNETT BILL PASSES

The bill introduced by Representative W. R. Jinnett of this county, providing for the abolishment of the office of the legal clerk to the state public service commission was passed by the house of representatives, the democrats voting solidly against it.

Coming Battle Between Freddie Welsh and White Fails to Arouse Fans.

IS NOT A REAL CONTENDER

Announcement Considered Enough to Send Cold Shivers Chasing Themselves up Spine.

BY H. C. HAMILTON.
(U. P. Staff Correspondent.)

New York, Feb. 3.—The announcement that Freddie Welsh is willing to box Charlie White again for the world's lightweight championship is enough to send the cold shivers chasing themselves up and down a fight fan's spine. It is coming too close for temperamental benefit; someone might be trying to put on the bout and use that method of bringing it before the public.

Charlie White isn't the man to meet Freddie Welsh for the lightweight title. He has had many chances and not once made good. On one occasion he tackled the job over the twenty-round route and made such a flat failure of it that he wasn't even considered when it came to discussing the referee's decision.

It's too bad that White can't develop into a real contender for Welsh's title. But he can't and that ends the discussion. He isn't aggressive enough. Undoubtedly if he got close enough and could be induced to come out of his hypnotic state long enough he would slip the old left hand over and it would be curtains for Welsh. But Welsh is far too clever and smart to permit the left hand to connect with his jaw. Welsh himself said after the recent bout at Colorado Springs that he would fight White by the hour instead of by the round, and would guarantee to step all over the Chicago boy.

White is a great boy against any one he can hit. If he can slide close enough and get his feet in the right position it is within his power to crush the hopes of any lightweight. But there are several lightweights who can keep several paces distant from White and still pepper him with right and left hand blows. He's just a bit too slow to ever catch a man who is good enough to wear the lightweight crown.

Any promoter who stages such a bout will be taking a long chance.

GREENSBURG IS BEATEN BY LOCALS

Rushville Five Takes Rather Easy Game by Score of 43 to 26 at Greensburg

IN LEAD THROUGHOUT GAME

The Rushville high school basketball team won an easy victory over Greensburg last night at Greensburg, the score being 43 to 26. This is the second defeat for Greensburg at the hands of the local five. The locals took an early lead and were never headed. At one time in the first half the score stood 14 to 4 in favor of Rushville and then Greensburg took a brace and the half ended 22 to 15, with Rushville still leading.

The second half was a repetition of the first half. Thorpe and Martin were the main point makers for Rushville each scoring seven field goals. Reed made three field goals during the game. Rushville was slightly handicapped on account of the size of the floor but this was soon overcome. The floor was not as wide as the local floor and this bothered the team at the start.

HERE'S MAN WITH A NEW CALENDAR

Under His System There Would be Four Seasons of Three Months—Shorten Some Months.

DATE SAME DAY EVERY MONTH

Fresno, Cal., Feb. 3.—Now comes Benj. G. Goodman of this city with a new calendar. If it went into effect we could forget the old rhyme about: "Thirty days hath September, April June and November."

Under Goodman's system the year would be divided into four seasons of three months each. Each would contain two months of 28 days each and one month of 35 days. New Year's day would not, under this system, be Jan. 1, but would be simply known as New Year's day and would be the day following the last day of the year. The day after New Year's would be Jan. 1.

Goodman says his system would produce a condition where the same date in each month would always fall on the same day of the week.

Attorney General Declares Representatives Can Make Race.

Indianapolis, Ind., Feb. 3.—Considerable discussion has arisen since the passing of the bill providing for the calling of a constitutional convention regarding whether or not members of the present legislature may be candidates for delegates to the constitutional convention.

Attorney General Ele Stansbury, in an opinion given to the United Press today, stated that members of the legislature could be candidates for delegates to the convention. It is believed that a large number of the legislators will make the race for convention delegates, in view of the attorney general's ruling.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santal Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it. These tablets are small, easy to take, and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never grip. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santal Remedies Co., 802 Madison Ave., Covington, Ky.

YESTERDAY THE COLDEST RECORDED

No Twelve-Hour Period Equals in Low Average Temperature That of Friday

4 BELOW ZERO LAST NIGHT

Four below zero was the coldest point reached last night. Thermometers showed four below at midnight and the same temperature was recorded at sunrise this morning. The day taken as a whole was warmer than yesterday. At eleven o'clock the mercury stood at seven above. Yesterday the mercury did not get above the zero mark. The wind, which was of the blizzard variety dropped somewhat in the night, and this tended to reduce the cold.

Taken for the entire twenty-four hours yesterday the average temperature was 2 above. The average for the twelve hours from six o'clock in the morning until six o'clock at night was four below zero, which is cold enough to satisfy the most ardent admirer of winter weather. Elwood Kirkwood stated that there was one colder day than yesterday on record when the entire 24 hours is considered but there has been none as cold for the twelve hour period. Indications were for continued cold weather although it is not expected to be as severe as yesterday.

DID NOT TAKE HIS CHAIR WITH HIM

Carranza Left "Presidential" Chair in Mexico City for the First Time

ATTENDING CONVENTION

(By United Press.)

Ciudad Juarez, Chih., Mex., Feb. 3.—For the first time since he seized the power as First Chief Carranza has left the fateful presidential chair in Mexico City. In his numerous forays over the country he has always carried the "phantom chair" with him. When he came to Queretaro to attend the constitutional convention now in session he left the chair in the palace.

As a symbol of power the chair has a romantic history. Out of the turmoil of bloody revolutions eleven have attained the chair. One was assassinated, two died in foreign lands, and most of the others are in exile.

At one time Pedro Lascurain occupied the chair as president for forty-five minutes. He was forced from the throne by Huerta.

The chair is simply upholstered in red plush. The symbolic golden eagle clutching a serpent in the only decoration. Yet it is the dream of every ambitious Mexican from jefe to general.

REPORT COMING NEXT WEEK

Conservation Bill to be Brought Out of Committee.

Indianapolis, Ind., Feb. 3.—No report is expected on the administration bill providing for the establishment of a state conservation commission until the latter part of next week, according to statements by chairmen of the natural resource committee of the house and senate today. The measure, which would abolish the offices of state entomologist, geologist, fish and game commission, veterinarian and other offices and transfer their duties to a commission, has been meeting with considerable opposition. Similar bills are before both houses. It is believed that when the committee reports are made, they will be divided, the minority favoring indefinite postponement and the majority recommending passage. A joint meeting of the house and senate committees to consider the measure, will probably be held the early part of next week.

PRECAUTIONS AT PANAMA

Washington, Feb. 2.—Because of the possibility of danger from the present international situation, army officials have taken steps for extra precautions at the Panama Canal.

FOREIGN POWERS ARE INTERESTED

Watch Tendency of United States to Aid China Financially—Loan is Ready.

BANK OF CHICAGO BACKS IT

(By United Press.)

Jekin, Jan. 5. (By Mail).—Foreign powers interested in China and her riches today are turning watchful eyes toward America and her recent tendency to take a hand in the financing of the Celestial Republic. This has just been illustrated by the action of the Four-Power Loan Group—Germany is no longer considered a member—in addressing an inquiry to the Chinese Department of Finance concerning the new American loan, concluded with the Continental Commercial Bank of Chicago.

From information now available it appears that the advance of \$5,000,000 already announced is a part of a loan of \$30,000,000, from which the larger loan is concluded. Otherwise \$5,000,000 will be deducted if the \$5,000,000 loan is to be repaid in three years.

The loan will bear 6 per cent interest, will be issued at 97 1/2 and will be secured by wine and tobacco taxes. It has already passed the House of Representatives here.

PREDICTS "DRY" NATION BY 1918

Anti-Saloon League Believes Entire United States Will Soon be Included.

MAY COME UP IN CONGRESS

(By United Press.)

Washington, February 3.—That the entire United States will be voted dry by the end of 1917 was the prediction here today of the Anti-Saloon League of America. The claim is based on the following:

Pending dry legislation will be passed at the present session of Congress, as a result of the "undisputed" growth of public sentiment in favor of it, and the 139 new House of Representatives members will swell the ranks of the "197 members of the House who favored the Hobson National Prohibition bill."

Many of them, it is pointed out, have been elected from states which have recently "gone dry" or have declared their intention of so doing. Virginia, Alabama, Iowa, Nebraska, and Michigan have adopted prohibition laws since the vote was taken in Congress on the Hobson Constitutional amendment bill.

"It is reasonable to assume the movement will have all of the Congressional votes of these states—a gain of 15."

- Councilmen-at-large — Walter Thomas and John Crowley.
- Councilman, First ward—Morris Winslip and Frank Mellwaine.
- Councilman, Second ward—James Clore.
- Councilman, Third ward—W. E. Clarkson and Clay Benedict.
- City Clerk—Ozro Farthing, Wilbur Stevens, Sam Morgan and Charles Newkirk.
- City Treasurer—Knowles Casady.

BARBERS NOW HAVE BILL

Union Members Want Board of Examiners and a License.

(By United Press.)

Indianapolis, Ind., Feb. 3.—A bill providing for the creation of a state board of barber examiners and the licensing of all shops and workers in the state will be presented to the legislature within the next few days. The bill provides that the board would pay its own expenses through fees procured through the issuing of permits.

Union barbers all over the state are backing the measure. They declare that the measure would serve as a protection to customers as well as barbershops. Insanitary shops would have to be efficient before being allowed to follow the business.

They point out that more than half of the states now have boards of examiners and have been successful in every state where created.

Under present conditions it is frequently brought home to the poorer of us that while dead men may tell no tales, with eggs it's different. The egg today is a nomad. It travels up and down the country and the pricelist all the time. It is the ambition of every well born egg nowadays to see America first.
